3. Choose image for upload.
4. Done

Add content to your image - 1

1. Write your image title.
2. Search for Content
(Text, Image, Video, Shops,
Audio etc.)

Add Content to Your Image- 2

The screenshot displays the FUNecole image editing software interface. On the left, a control panel includes a text input field with the URL 'http://www.amazon.com/HP-Stream...', text styling options (Text, Bold, Italic, Highlight, Icon), a 'Special Offer' tag preview, and a 'Tag styling' section. The main workspace shows a grid of landscape images. A 'Special Offer' tag for an 'HP Stream 11 Laptop' is being positioned over the central image. The tag contains the text 'Buy \$199.99' and the 'amazon.com' logo. A red '1' is placed near the text input, a red '2' is near the tag, a red '3' is near the 'SAVE TAG' button, and a red '4' is near the 'Save Image' button. The interface also features a 'digipro.' logo and a 'thinglink..' watermark in the bottom right corner of the image grid.

1. Select a content and write a text to the selected content.
2. Drag a Drop your content in any position you like.
3. Click "Save Tag".
4. Click "Save Image".
